Due to an inability to guarantee your first choice in tail color, we request that you please select a second and third choice.

Please note that the junior mermaid tails DO come fitted with a universal fit monofin. This will provide your child with the full mermaid experience while offering safety and comfortability.

MERMAID TAILS

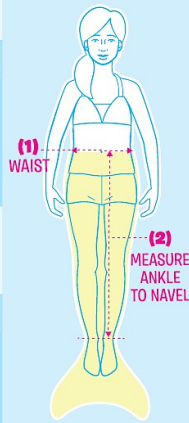

Mermaiden Jia says: "The human's tail narrow at the ankle, then flare out to form the fin. The fin extends 12 - 20 inches beyond the bottom of the feet when standing."

Sizing Information

Fin Fun Mermaid Tails are designed to fit snugly. Our swim fabrics feature 4-way stretch for comfort, allowing for some overlap in sizing. To find the best fit, locate your child's typical clothing size to the right. Take the measurements as depicted. When in doubt, size up!
